

Summer Services 2024

June 30 “The Way of the Traveler” **Ann Foard**

A journey is always about going from where we are now to another place. We go literally, but we can also travel figuratively as we search for another higher level of consciousness. Seen this way, all our travel has a spiritual character. And in this way, all travel is sacred.

July 7 “Labyrinth: Ancient Walking Meditation Tool” **Ron Clupper**

Join us as we traverse the ancient history of Labyrinths and the 20+/- year history of our UUCB labyrinth. The service will include a guided ritual group walk of our labyrinth.

July 14 “Attending the Earth” **Trebbe Johnson**

As climate change alters our relationship with the Earth, we can meet some of the challenges not just physically, but emotionally and spiritually as well. By creating new attitudes and practices for “attending the Earth,” we can stand by what we love as it goes through changes we abhor and, at the same time, discover mindfulness, compassion, and even celebration of all that remains.

July 21 “Your Quantum Mechanical Afterlife” **Gay Canough**

Fear Not, for all the essence of you will persist for eternity. And since some of your essence is and will be neutrinos, you will also get to tour the Universe. What’s more, because our measurements tell us that the universe started from an initial hot, dense state <the big bang>, everything in it is related. It may be that everything is related in the very special way of quantum entanglement.

July 28 “Meeting the Great Queen of Heaven” **Tiffany Hagberg**

In the Bible, Jeremiah speaks of a "Queen of Heaven" that the women bake cakes for, but little is known of Her. Who is She? What is Her name? What happened to Her? Join us as we uncover the answers to these questions and take a closer look at other women of the Bible. Let us look at the Her-story of the Feminine Divine and how She and other women for the past few thousand years have been silenced, devalued, hidden and dethroned. Come! Let us meet the Great Queen of Heaven!

August 4 “TBA” **Rev. Mary Margaret Earl**

Rev. Earl is a UU minister and has worked in community ministry in Rhode Island and Boston for the past 20 years. She is currently as Senior Minister and Executive Director of the UU Urban Ministry in Boston. She will bring a message about compassion for all beings, including the animals.

A decorative border surrounds the text, featuring bright yellow lemons and delicate white and pink flowers with green leaves.
